Florence SC 29502

September 9, 2007

Ms. Jocelyn G. Boyd
Deputy Clerk, Docketing Dept.
S.C. Public Service Commission
PO Drawer 11649, Colombia S.C. 29211
Ph: 803 896 5100; Fax: 803 896 5199

Dear Ms Boyd:

Subject: Request for Information, etc.
Ref: Progress Energy Petition No. 2004-219-E

Would you please accommodate the following requests at your earliest convenience.

1.   Mail: I have been absent from the State on numerous occasions this past year. The US Post Office recently informed me that some **registered return mail** has been returned to sender, but it has no record of the sender's address. Since I have had no receipt of any notices, pleadings, papers, etc for more than a year, from the Commission, the Petitioner or other parties, concerning the above case, would you please check your files and resubmit to me any certified mail that may have been returned to your office.

2.   Insufficiency and Denial of Process:
I have been informed that there have been a number of pleadings filed, and correspondence by and between Ms. Beatrice Weaver and the Petitioner, ORS, the Commission, the Director, and a Hearing Officer.
Please file for the record that as a Respondent Pro Se in the referenced case, I have received no ordinary US mail or other communications sent directly to myself, nor have I received any copies of other mailings to and from any other Party for the past year or so, related to the proceedings in the referenced Case.
I shall file a motion shortly on that issue and the violation of Commission Regulations and Rules of SCRCP, formal objections, and remedy.

3.   What is the status of the contested case relating to a class action petition to the Commission for a change of electric power provider? Please send me a copy of the original Petition in that case.

If you deem it necessary, please send copies hereof to the parties at interest. I do not know who they are at present. Thank you for your assistance

Gary Weaver, Respondent Pro Se
